Invitation

On behalf of the Organizing Committee, it is my honor and pleasure to invite you to the 2018 International Conference on Diagnostics in Electrical Engineering (Diagnostika), which will take place at the University of West Bohemia in Pilsen, Czech Republic, September 4 – 7 2018.

We would like to create a platform for the scientific exchange of experience for experts from universities, relevant industries and institutes experienced in the field of diagnostics in electrical engineering.

Looking forward to seeing you in Pilsen.

Information for Patrons

The CDEE 2018 continues a long tradition of the preceding Diagnostika' conferences, starting 1993.

The CDEE 2018 is traditionally organized by the University of West Bohemia (UWB), Faculty of Electrical Engineering and IEEE Czechoslovakia Section and gradually grows in an international event. CDEE 2018 is not the scientific conference only but hosting company presentations/exhibition as well.

CDEE team is welcoming patrons and exhibitors.

Conference History

DIAGNOSTIKA `18 – 2018 International Conference on Diagnostics in Electrical Engineering, CDEE 2018 is a traditional scientific conference held by the Department of Technologies and Measurement of the Faculty of Electrical Engineering, University of West Bohemia in Pilsen. The purpose of this biennial conference organized since 1993 is to share the latest events and developments in the field of diagnostics. This year's event will be the twelves meeting of scientists and experts involved in electrical engineering diagnostics. As usual, everyone interested in electrical engineering, structure of materials, their features and applications in electrical systems will have an opportunity for the professional exchange of knowledge and research results.

Conference Topics

- 1. Laboratory Methods of Diagnostics**
- 2. On-Site Testing of Electrical Appliances**
- 3. Electrical Insulation Properties and Structural Changes**
- 4. Other Diagnostic Methods**
- 5. Theories, Methods and Models**
- 6. Condition Monitoring**
- 7. Electric Machines and Devices**
